President Roosevelt After Some Game Worthy of His Prowess.

The Wilds of the Mississippi Delta Will Be Invaded By the First Gentleman In the Land.

Not So Much For Game As For Complete Recreation Is the Hunt Undertaken.

Memphis, Tenn., Nov. 13.-Today President Roosevelt is speeding on his way to Smedes, Miss., about twenty five miles north of Vicksburg, for a Apply to ALEXANDER HUTCHISON four-day bear hunt. The place is some miles from the railroad and is it the region which was formerly the favorite hunting ground of Genera Wade Hampton, the famous leader of the Confederate black horse cavalry General Hampton at one time owned a plantation in this vicinity and hunt ed black bear in the cane-brakes with horse and hounds. Before the war he is said to have killed over fifty bears in a single season, some of then with a knife. Years ago the president and General Hampton planned a hunt in this region, but it was never made and when President Stuyvesant Fish of the Illinois Central proposed the present trip, the president readily as sented. The president, however, does not anticipate the pleasure of killing a bear so much as the pleasure of a few days' complete recreation in the woods. He has had a hard and trying summer and fall and feels that he has carned a holiday, and that privilege is what he is after, whether he car get a bear or not. To one who has hunted grizzlies in the Rockies, black bear are not very Jig game; but hunt ing bear with horse and hounds wil be a new experience for him. If a bear is not secured it will not be the fault of Mr. Fish. He has arranged to have one of the best packs of hounds in the Mississippi delta at the camp This morning upon the arrival of the president's train at Memphis he was joined by Mr. Fish and John McEl henny of Louisiana, who was lieuten ant in the president's regiment during the Spanish war. The train then de parted for Smedes over the Mississipp! Yazoo railroad. Upon arriving there or near there it will be run upon a siding, there to remain until next

> return to Memphis. Bears are reported to be plentiful and there are also said to be some panthers in the vicinity, so that the president is looking forward to the sport with much pleasure.

Surprised the Britons .

Sandringham, Eng., Nov. 13 .- Emperor William yesterday proved his prowess as a remarkable shot. Clad in a light-green hunting suit, he kept three loaders extremely busy. King Edward, the Prince of Wales, Count Wolff-Metternich, the German ambassador and the other members of the shooting party who accompanied the emperorare all good shots, but twice as many pheasants fell to Emperor William's gun as to those of the others. The large crowds who had come to witness the drive, which was the biggest one arranged for the royal visit. had an excellent view of the sport and as bird after bird dropped before the unerting aim of the emperor, the spectators openly expressed their admiration, much to the emperor's amusement. The day's bag was one of the biggest on record.

Indianapolis, Nov. 13.-James A. Hemenway of Boonville is one of the happiest men who has visited Indianapolis for some time. He is the Republican congressman who has just been re-elected by a big majority in the First district. He returned today to his home at Boonville much gratified with his success in behalf of Cannon.

Newton W. Gilbert of Fort Wayne, lieutenant governor and president of the senate, is an enthusiastic advocate of voting machines, and he believes that the coming legislature ought to enact a law compelling every county to use them. He introduced and secured the passage of the first voting machine law in Indiana during the session of '99. "I believe the time has come," said he, "when every county should use machines and I feel that this question will receive much attention at the coming session." Gilbert says he is not having a flood of applications for good places on the senate committees. This time he will make known his appointments the opening day of the session.

George B. Lockwood, chairman of the press bureau of the Republican state committee, has figured that the Republicans failed to cast about 10 per cent of their vote last Tuesday, while the stay-at-homes among the Democrats amounted to 17 per cent. This explains one of the causes of the big Republican victory. The stay-athome vote was a surprise to everyone. The Democrats of Miami county came within a half per cent of polling their normal vote, and therefore they did not lose much ground. In several counties, however, both sides lost as much as 20 per cent of their vote.

The Boy and the Farm.

How often we hear parents discourage the boys who wish to stay on the farm! They refer to farm work as drudgery and that which tends to make them slaves to work rather than independent men. The biggest boys are educated for professional men and in many instances excel, but the vast majority of these, with a good practical education such as can be gained in our schools of agriculture, would become wealthy, progressive farmers, with fine farms and beautiful homes, if they had been encouraged and advised to stay by the old farm and make it a success.

The First Experience Of maternity is often followed by a quick convalescence which gives no hint of loss of strength as the result of the trying ordeal. Youth with its undrained vitality makes for the young mothers' health and happiness. But later maternal experiences bring a different result. The care of a family, multiplied household duties, and very often the weakness caused by womanly disease, tend to prolong the suffering of maternity and to make convalescence a slow and weary

Dr. Pierce's Favorite Prescription prepares the wife for maternity. It promotes the appetite, cures nervousness and sleeplessness, and gives a consciousness of buoyant health. It gives great muscular strength and elasticity and makes the baby's advent practically painless. It is unexcelled as a strengthgiving tonic for mothers during the period of convalescence.

"During my two years of married life I have not had good health," writes Mrs. Daisy Studdard, of 608 South Esplanade Ave., Leavenworth, Kans. "I was all run-down, and my husband got me to write to Dr. Pierce and explain my case to him and see if he could do me any good. So I wrote, and, thank the Lord, I got an early reply telling me what the trouble was. I commenced taking Dr. Pierce's Favorite Prescription, also the 'Pleasant

Pellets,' and now can say that I feel like a new woman, and can say also that we have a big baby four months old. When the baby came it was just wonderful how I got along, and now I do all my work and do not feel tired out like I used to. I have taken eight bottles of the 'Favorite Prescription.' It makes one feel well and strong."

Weak and sick women are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.
